TOPIC: Someone in my school;

To my dear sponsor,

It's a great joy for Kimberlie to greet you in Jesus' name, the almighty. How are you and your family and friends. On her side, thanks to God every thing is very well. She is glad to tell you about someone in her school, a friend who is not in the same class as her. Her friend is in 6th grade. This friend usually teaches her about her lessons and helps her with her homework. Because sometime she doesn't understand them. This is why she do loves her friend and her friend do loves her too. She would be glad to talk to her about one of your friends too. She was glad to tell you about someone in her school and she thanks you for the way you help her in her school. She will continually pray God to bless you more.

Thank you.
