TOPIC: My favorite food

Kimberlie feels happy to write you this letter. She asks you" how're you? And your family? She says she's fine with her family thanks to God. She'd like to tell you about her favorite food.

She has a favorite food and she feels good when she eats it. She doesn't feel good at all when she doesn't eat it that's why she makes them cook it for her all the time. She eats it anyways and this food is called rice.

She thanks you for your support about her school and she asks God to bless you and your whole family.
