ABIJATA SHALLA NATIONAL PARK

This park was primarily created to its spectacular numbers of aquatic birds, especially great pelican and lesser flamingo; the bird breeding it is famous and significant ornithological site in the country. Location:- 5KM from roggie branch. The park is located 207 Km south of Addis Ababa capital city of Ethiopia on the Shashamene Hawassa road. So, if you come and visit roggie, you can't miss it three lakes at once. Those are Lake shalla, Abiyata and Langano.

HOPE ENTERPRISES ROGGIE BRANCH

Roggie is found inside Rift-Valley in west Arsi part of Ethiopia, Oromia Region. Our language is called Oromifa. The communities income mainly depend on farming. The weather in most seasons is hot. And the village I live in is far from a small town called Arsi Negele. We spend our free time by playing and helping our parents by herding.
